Closing existing account

To receive a fee pay-back through referral membership, you need to:

1. **Deactivate your existing account.**
2. **Sign up again** using the referral link.

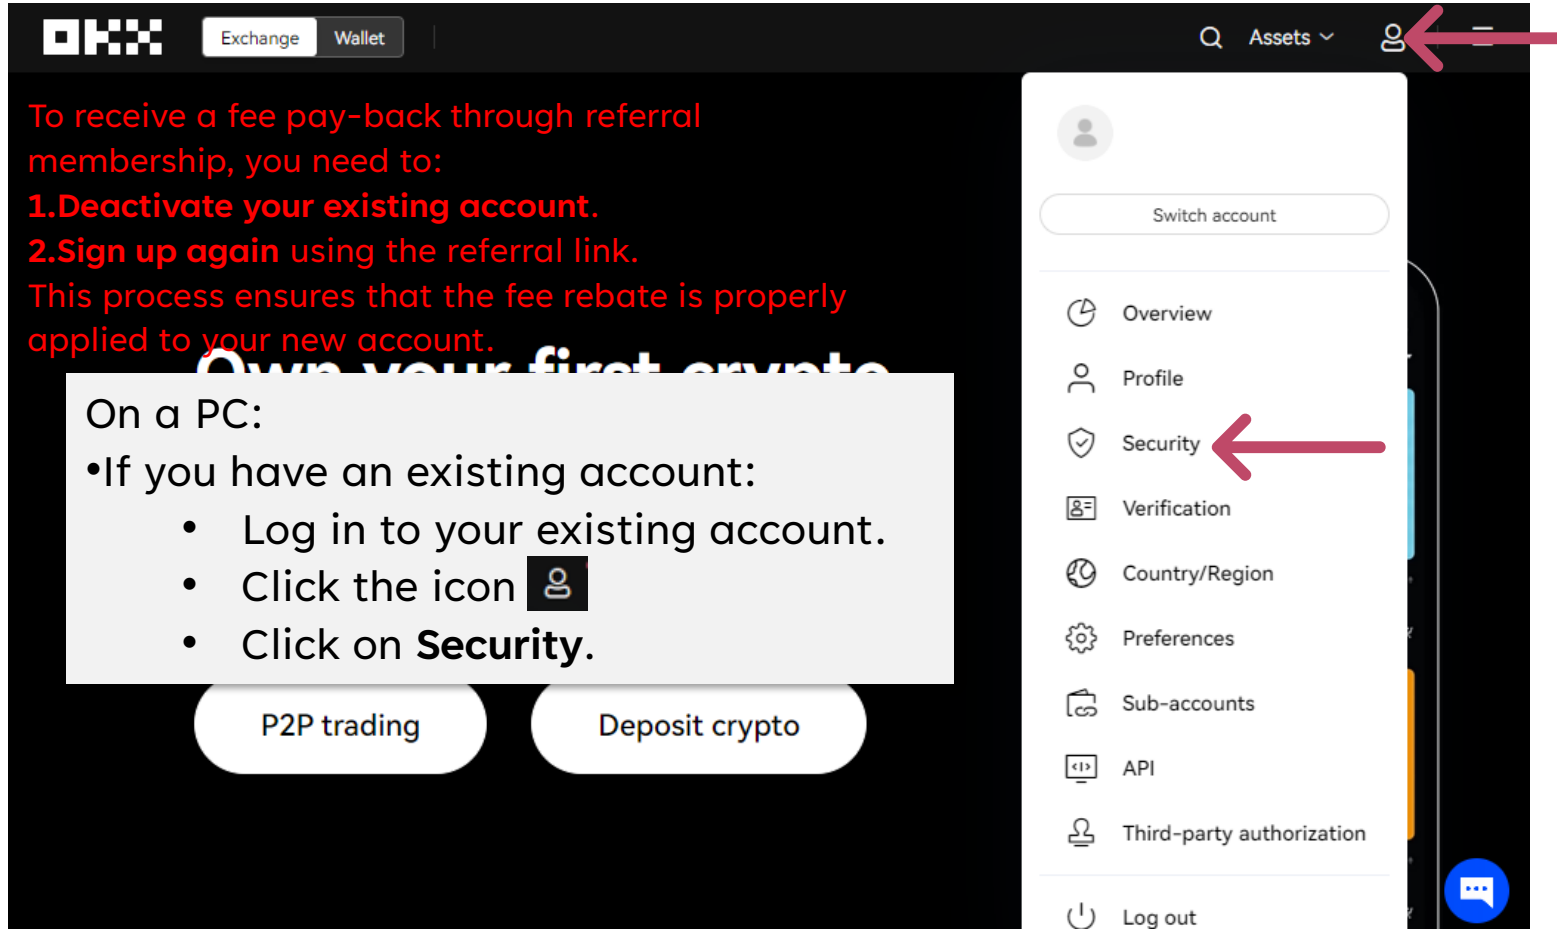

This process ensures that the fee rebate is properly applied to your new account.

Own your first crypto

On a PC:

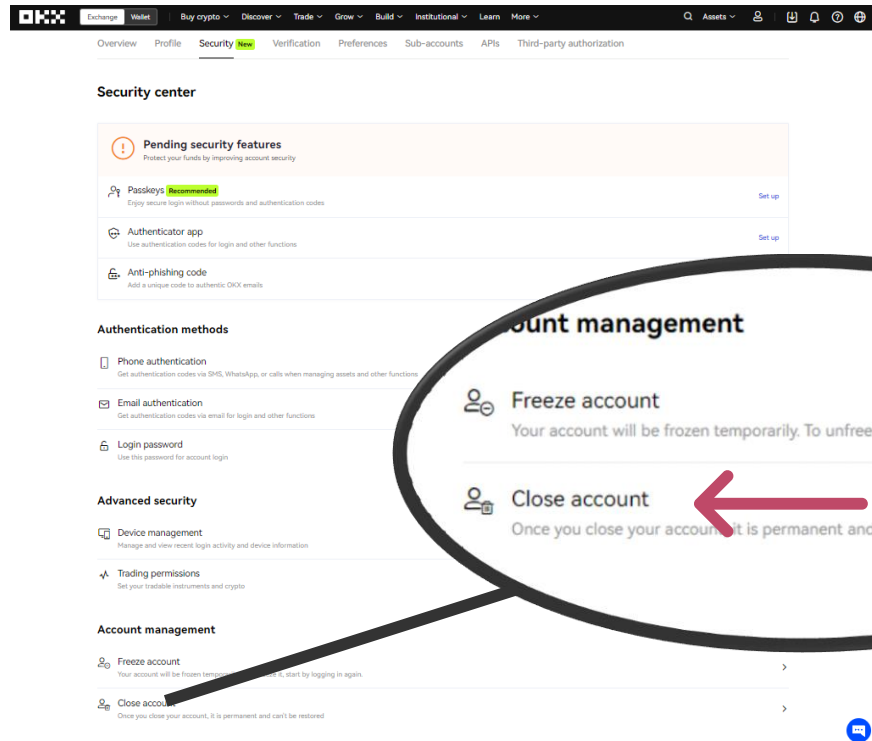

- If you have an existing account:
 - Log in to your existing account.
 - Click the icon 
 - Click on **Security**.

P2P trading Deposit crypto

The screenshot shows a crypto exchange interface. At the top, there's a navigation bar with a logo, 'Exchange' and 'Wallet' tabs, a search bar, 'Assets' dropdown, and a user profile icon. A red arrow points to the user profile icon. Below the navigation bar, there's a main content area with a red text overlay. On the right, a sidebar menu is open, showing options: Overview, Profile, Security (highlighted with a red arrow), Verification, Country/Region, Preferences, Sub-accounts, API, Third-party authorization, and Log out. At the bottom, there are two buttons: 'P2P trading' and 'Deposit crypto'.

Closing existing account

At the bottom of the Security section,

click Close account.

click Continue to close.
